

FORMER PRESIDENT
OF THE REPUBLIC OF HUNGARY

Dear Participants of the 2010 Global Round Table!

I am sorry I cannot be with you tonight, but I wish you to know that this year's subject of sustainability is one that is very close to my heart.

Sustainability is more than the environment. It is also ethical, moral and cultural sustainability. These define how we act and behave toward each other and the world we live in. This is our responsibility and our legacy to the future.

I am therefore very interested to hear what your discussions and conclusions will be at tomorrow's Round Table in our beautiful Hungarian Parliament.

I wish you fruitful discussions and am looking forward to receiving your recommendations soon.

Budapest, November 3, 2010

Sincerely yours,

Ferenc Mádl
